### STEERING WHEEL EXPRESS

Computer cradle for laptops being installed on to the steering wheel. It offers ergonomically correct positioning for long working hours. Especially suitable for cars with adjustable steering column.

All prices are excl. VAT and delivery outside of Denmark

## WALL DESK

Strong, wall-mounted and flexible computer arm from Mobil Office. A further stage of our popular computer columns. To be installed on to the partitioning wall to the loading area between the seats in cars and vans.

Varenr. 60000

**495,00 Euro**

### WALL DESK

Wall-mounted, flexible computer arm. It is mounted on the partitioning wall to the loading area between the front seats of cars or vans. For safe mounting it is recommended to fasten the plate on the rear wall of the vehicle's loading area. Install in lifted position with adjustable lock fittings.

Should a safer storage be required, place the arm horizontally in the lock fittings, and keep the computer hidden behind the seats. During use, the arm is lowered (70 cm) by an extension to 90 cm, and is turned into the best position by using the adjustable joint and by turning the head knob under the top plate - without using any tools.

Available with A5 writing pad, which can be placed on both sides of the top plate.  
Dimensions: 73 cm height in lifted position og 32 cm width/13 cm depth

Mounting plate on wall: L 30xH 25 cm.  
Topplate: 30x32 cm

All prices are excl. VAT and delivery outside of Denmark

**MOBIL OFFICE**
